## **Please Note:**

1) All Veridian Limited protective garments are custom made to customers specifications. Therefore, we are unable to accept returned garments that have been ordered incorrectly. Check your order carefully before placing it.

Additionally, once the material for your order has been cut, Veridian cannot accept cancellation requests.

2) This price list provides pricing guidelines for our most commonly ordered products. Please contact our customer service department for assistance with any special requirements you may have.

## **Returned Goods:**

1) If you require repair service, (warranty or non-warranty), please contact customer service to obtain a Return Goods Authorization (RGA). Do not return product without first obtaining the RGA.

2) OSHA regulations prohibit our production staff from handling garments that have not been cleaned. If Veridian receives product that is not clean, you will be contacted with a quotation for having the product cleaned or the product will be returned. This applies to warranty and non-warranty repair.

3) On all RGAs, please include a detailed written description of the repairs or alterations requested. Please include this description with the RGA paperwork.

## **Freight:**

1) Veridian Limited pricing is FOB one USA destination via regular ground transportation on all order over \$2000.

2) For expedited shipment on orders greater than \$2000, Veridian Limited will charge the difference between standard ground and the requested mode.

3) Freight & handling will be charged on all orders less that \$2000 (minimum \$25).

When properly used and cared for, Veridian Limited warrants your protective ensemble to be free from defects in material or workmanship. Our obligation under this warranty shall be limited to the repair or replacement, without charge, of any product deemed defective by Veridian Limited. This warranty does not cover normal wear or use for anything other than the intended purposes. This warranty is in lieu of all other warranties, expressed or implied, including but not limited to, implied warranties of marketability and/or fitness for a particular purpose. Veridian Limited shall not under any circumstances be liable for incidental or consequential damages.

# Fitting / Measuring Guide

## Important:

Your Veridian Limited coat and/or trouser sizing will be more accurate if you take extra care with measurements. The following list of measurements is necessary for both men's and women's garments.

## Coats:

**1. Chest size:** Measure loosely over clothing around the fullest part of the chest with the arms at rest. For individuals with broad shoulders, muscular arms and/or back, an additional over the arm-chest measurement is extremely helpful. Again, measure loosely over the fullest part of the chest with arms at rest. Round up both measurements to the nearest even size.

**2. Sleeve length:** You should expect that Veridian Limited's standard sleeve length per size would fit a vast majority of firefighters. Otherwise, with arms straight down to side, measure from the base of the back of the neck, over the shoulder and down the arm to the base of the thumb.

## Trousers:

**3. Waist:** Measure around waist, over any clothing that would be worn under trousers. Typical men's measurement will be taken just above pant waist, or belt.

**3a. Stomach:** Please include measurement around stomach for high back trousers.

**4. Inseam:** Standard inseam lengths are available in one (1) inch increments. Inseam length should be shorter than regular trouser inseam to prevent damage to cuffs. Measure from the crotch down the inside of the leg to the bottom of the ankle bone.

**5. (Female) Hip:** Measure around the fullest part of the hip area.

# Veridian Limited Turnout Gear

## VELOCITY

### Designed for Fast Response.

Velocity's ergonomic design is engineered to provide firefighters with an unrestricted full range of motion. Flex knee trousers with integrated belt and semi-high back work together to provide unsurpassed comfort. Veridian's Flex Wing Expanded Back coat delivers a bind free reach.

Typically configured with a 32" coat and semi-high back trousers.

## VALOR

### Move Freely. Respond Quickly.

Valor's high back trousers allow the option to choose a shorter length coat while maintaining full protection. The short coat style reduces weight and bulk. Flex Wing Expanded Back firefighters are assured that they are able to move freely and fast.

Typically configured with a 29" coat and high back trousers.

## VANGUARD

### Unmatched Performance

Vanguard combines traditional styling with Veridian's first-class quality and attention to details. Multi-piece construction with Triple Nomex stitching achieves superior form, fit, and function.

Typically configured with a traditional 35" length coat and waist high trousers.

# Veridian Limited Proximity Gear

## VECTOR

### Unmatched Performance

Vector Proximity gear combines traditional styling with Veridian's first-class quality and attention to details. Multi-piece construction with Triple Nomex stitching achieves superior form, fit, and function.

Typically configured with a traditional 35" length coat and waist high trousers.

## VECTOR LITE

### Move Freely. Respond Quickly.

Vector Lite Proximity high back trousers allow the option to choose a shorter length coat while maintaining full protection. The short coat style reduces weight and bulk. When combined with Veridian Limited's Flex Wing Expanded Back firefighters are assured that they are able to move freely and fast.

Typically configured with a 29" coat and high back trousers.

Vector Lite Coat

# Veridian Limited Wildland and Extrication Gear

## WILDLAND

### Comfortable, Yet Rugged

Veridian Limited's Wildland Gear provides serious protection in a comfortable, two piece, lightweight package. Designed to work as hard as you do, without slowing you down.

## EXTRICATION

### Heavyweight Protection, Lightweight Comfort

Veridian Limited's Extrication Gear delivers the flexibility and freedom of movement that rescue and extrication work demands. Roomy design elements coupled with reinforced elbows and knees create an exceptionally durable and comfortable set of gear.

Indura Ultrasoft Cotton Colors: Khaki, Black, Dark Green, Navy, Petrol Red, Royal, Yellow
